This is to advise that as a consumer  
I am satisfied with the Microsoft Settlement as it now  
stands. We are  
tired of always trying to satisfy the  
jealous public interest people. We are  
for free enterprise and capitalism.  
The size of the company makes no  
difference as the cream always rises  
to the top. Our government needs to  
get on with their own business and let  
ALL the cream risers keep supplying  
consumers with their tremendous  
products and new innovations. Micro-  
soft is a wonderful example of USA  
spirit in capitalism and the freedom to  
be successful in the Land Of The Free.
